## 9U Wall Mount Cabinets

Versatile, Space-efficient Wall Mount Cabinet

## Description

FS.COM wall mount network cabinet consists of convenient cable access openings, top cooling vents, vented glass front door, lockable/removable side panels and 4 vertical posts. It is designed to house the 19-inch standard or non-standard network equipment as well as network accessories.

## Features

- Heavy-duty cold roll steel construction
- Glass door with vented holes for visible assurance while provides ventilation
- Lockable front door and side panels helps prevent damage, tampering or theft.
- Removable side panels for quick access to equipment and cabling
- Removable cable entry panels at top, bottom and back
- Top cooling vents ensure proper airflow patterns
- Ships fully assembled and ready to mount to the wall

## Application

FS.COM highly flexible wall mount network cabinet is perfect for multi-tenant and enterprise data centers, computer rooms, network facilities and other areas with limited floor space where you need equipment to be secure, organized and out of the way.
